Agenda

1. White Paper Revision Status

White Paper Revision Status

Key Points Addressed

Bill presented a spreadsheet showing the teams we are forming to focus on revising the various sections of the 2018 paper:

- Threat Landscape
- Susceptibility Factors for Securities Services
- Susceptibility of Securities Participants
- Existing Regulations
- Frameworks which help you comply/mapping to MITRE/Recommended Risk Mitigation Practices and Controls/External Framework Elements and Approaches
- Quantum Computing (need to recruit Quantum Experts)
- AI Impacts on Threats and Mitigation plus implications of Agentic AI
- Testing Risk Program/Controls
- Recovery from an Attack
- Impact on Resources/Expertise
- Appendix 1: SWIFT CSP
- Appendix 2: Glossary
- WG members present on the call who did not attend the June workshop volunteered to join the above teams.
- Bill preliminarily assigned the other WG members who did not attend the workshop or this call to Teams and invited them to confirm that choice of team or request a change to another team.
- Team Lead are expected to set up team calls, distribute drafts, collect all edits and ultimately submit an initial draft revision of their section by the end of October.

AOB and Close

No other business raised. The meeting was then closed.
