

ISSA – Shaping the Future of Securities Services

ISSA's Aims

Our Organization

- We are an international association supporting the securities services industry globally
- We focus on finding progressive solutions to mitigate risk, improve efficiency and effectiveness - from issuer to investor
- We provide thought-leadership on a broader scale to help **shape the future of Securities Services**

Our Mission

- To **connect** securities services industry leaders and stakeholders
- To **collaborate** on key themes that impact all participants in the Securities Services value chain
- To **change** the industry through the development and delivery of forward-looking solutions

Our Impact

- We shape the industry through the creation and management of highly professional and focused working groups.
- We address the key issues facing our industry by organizing numerous events that enable ISSA members to meet to benefit the industry.
- We deliver global solutions. We connect, collaborate and debate with industry experts and specialists.

Expand your knowledge and experience

ISSA Activities

ISSA Symposium

- The biennial ISSA Symposium brings together ISSA members and industry experts from around the world.
- The event aims to explore the key issues affecting the industry and how ISSA can provide solutions and best practice guidance.

ISSA Working Groups

- ISSA's Working Groups (WGs) focus on key topics that resonate with our members.
- Our member firms assign experts to each WG to ensure broad representation from each market segment.
- Currently, ISSA has more than 580 experts from 136 Member firms involved in the WGs.

ISSA Collaboration

- ISSA works with a number of different associations in the industry on areas of common interest.
- Our CEO and COO are present at SIBOS and take part in panel discussions and meetings with other participants.
- ISSA is represented by its members as speakers or panelist's at other major industry events.

ISSA – Shaping the Future of Securities Services
