

ISSA Appoints HSBC's Gina Slotosch to its Board

Zurich / London, 30 September 2024

ISSA is pleased to announce that Gina Slotosch, Global COO HSBC Securities Services, has been appointed to the Board of ISSA, effective 30 September 2024. Gina takes over the ISSA Board seat from former HSBC appointee, Suvir Loomba.

Gina's role oversees finance, governance, change execution and people priorities for the global HSBC Securities Services business. In addition, she supports the development, management and delivery of the business' strategy, working in partnership with Markets and Securities Services management. Gina is a member of the Markets and Securities Services COO Management Committee, Securities Services Executive Committee and is based in London. She has a degree in Banking from the Frankfurt School of Finance in Germany.

Prior to this she was COO for Investor Services and Country Head, Germany - one of the largest Securities Services providers in the German market, as well as one of the largest outlets for HSBC Securities Services. Gina has over 30 years of international experience in financial services, joining HSBC in 2005. Prior to joining HSBC, Gina held positions at State Street, Deutsche Bank and BNY Mellon.

Vicky Kyproglou, ISSA Board Chair, stated: "We are excited to have Gina represent HSBC on the ISSA Board. Her experiences gained from looking holistically at Securities Services for HSBC and having worked at other large custodians ensure that she will bring value from the start. We look forward to working with Gina and furthering ISSA's mission of 'shaping the future of securities services.'"

Slotosch said: "I am excited to join the ISSA Board as I have seen the value that common standards can bring to our industry driving interoperability and digitization to the benefit of our clients. I'm looking forward to working with the ISSA Board and its entire team to help shape the future of the global securities services industry."

Over the past two years, ISSA has focused on the execution of its strategy and its analysis of the industry's imperatives, such as T+1 Settlement, the Future of Securities Services, Digitization, Resilience and Distributed Ledger Technology (DLT), positioning the organization as a thought leader and resource for the industry.
