Agenda

1. Progress on the White Paper

Key Points Addressed

- The members previously agreed the Outline of the White Paper and assigned four of the five sections to members.
- Two sections have been drafted and two are in progress.
- One interview of a firm with a Big Tech Strategic Partnership was conducted – Jens Hachmeister of Deutsche Boerse. The discussion was very productive and will be very helpful in drafting our paper. Jan produced a meeting record and that was distributed to the Workstream members with the understanding that it is not for wider distribution.
- One other interview is in the process of being set up, with Deutsche Bank. A request has been made for an interview with Nasdaq. Both are ISSA Board Member firms.
- We may then reach out to two non-ISSA members: CME and LSEG, which both have widely publicized partnerships with Big Tech firms.

AOB and Close

No other business raised. The meeting was then closed.
